

Vespera World — Naming Options

For: Marcus + team (Darien, Aryan) | June 17, 2026 | Status: Decision pending

TL;DR — Top 3

Rank	Name	Why
1	Vespera / Vespera World	Already established. Premium. Works SFW+NSFW. Marcus's instinct.
2	goldenpearl.vip	Pearl + gold + .vip TLD. Distinctive.
3	centroamor.com	Spanish "love center". LATAM resonance.

Recommendation: Go with **Vespera World** as master brand; use others as sub-brands for premium tiers / LATAM markets.

Why Vespera World Wins

- **Already established** — paid for, in repos, DB, GitHub orgs
- **Works for every product line** — SaaS, marketplace, agency, AI agents
- **Pearl aesthetic aligned** — gold + purple + pearl imagery fits
- **Latin root** ("vespera" = evening) — international appeal
- **Anti-Meta positioning** — Vespera vs Meta works as a brand story

Sub-Brands to Use After Locking Vespera World

Domain	Use For
--------	---------

goldenpearl.vip	VIP / premium tier or "Pearl Club" membership
vesperacub.com	Creator community / Discord-style hub
centroamor.com	LATAM Spanish-language sub-brand
sensualdrop.com	Adult creator product line (if separating SFW/NSFW)
losslessdrips.vip	Tech / investor pitch / AI agent brand

Strategic Context

The brand must support: open-source social (MixPost), multi-step payments, 6 AI agents (sexual photos/vids/chat/sales), 50% platform cut vs OF's 20%, 4-tier auth (super_admin/agency/creator/fan), crypto + fiat payments, DCIM watermarks, cross-platform (Telegram/WhatsApp/Discord), anti-Meta positioning. A name that says "premium tech platform" — not just another linktree — wins.
